## **NUTONE OFFERS UP TO \$1,300 BACK OR SPECIAL FINANCING WITH THE “GO GREEN, SAVE GREEN” FALL INCENTIVE**

**St. Louis, September 3, 2009** — NuTone gives homeowners a smart, stylish heating and cooling solution with its fall “Go Green, Save Green” incentive program on select NuTone ecoLogic products. The promotion runs from September 1, 2009, through November 30, 2009, and includes rebates up to \$1,300 or special low-interest financing for 36 months.

NuTone dealers can expect a positive consumer response to the program based on the brand’s spring promotion. The “Go Green, Save Green” 2009 spring rebate program experienced a 60 percent increase in consumer participation compared to the 2008 program – a positive sign for the industry. Many of the homeowners combined the manufacturer’s rebate with the federal tax credit, giving them an incredible deal on a highly efficient NuTone system.

NuTone high-efficiency units carry a 10-year limited parts warranty and a 10-year Quality Pledge to replace the entire unit if the compressor or heat exchanger fails. NuTone heating and cooling products are only available at Noland and selected Winair and Winnelson locations.

The “Go Green, Save Green” incentive program is only available through participating NuTone dealers and distributors. To see which NuTone units carry the green ecoLogic seal, please visit [www.nutonehvac.com](http://www.nutonehvac.com).

### **About NORDYNE.**

A trusted name in the industry, NORDYNE has been designing and manufacturing reliable heating and cooling products for 90 years.
