**TAPPAN ANNOUNCES BIG SAVINGS  
WITH THE “GO GREEN, SAVE GREEN” REBATE**

**St. Louis, August 28, 2008** — Tappan dealers will have another tough-to-beat selling tool this fall and winter. Tappan has just announced the “Go Green, Save Green” rebate program on select ecoLogic products. The rebate is valid on furnaces and ecoLogic units purchased between November 1, 2008, and January 31, 2009.

The rebate structure encourages homeowners to replace their furnace and outdoor unit at the same time. Homeowners can receive from \$400 to \$1,200 back when they purchase both a new two-stage or modulating furnace and a matched ecoLogic air conditioner or heat pump.

For homeowners who want to only replace their furnaces, participating Tappan dealers can offer rebates ranging from \$150 to \$450. Rebates up to \$800 are also available on select ecoLogic home comfort systems, including split systems and packaged units.

To sign up for the “Go Green, Save Green” rebate program, Tappan dealers should contact their distributors. To see which Tappan units carry the green ecoLogic seal, please visit [www.tappan.net](http://www.tappan.net).

NORDYNE has been designing and manufacturing heating and cooling products for more than 80 years. A trusted name in the industry, it focuses on using proven technology to build reliable residential Tappan products. The company’s 23-SEER air conditioner with iQ Drive® received the prestigious 2008 AHR Expo Product of the Year award. NORDYNE is headquartered in O’Fallon, Mo., with manufacturing plants located in the central United States. For more information about NORDYNE and its product offerings, please visit [www.nordyne.com](http://www.nordyne.com).
